More Sailboats at Camp

Imagine getting to sail on the lake this summer at N-Sid-Sen. Now imagine waiting in line for 1 of 2 boats to be available.

Well, now you can help to change that! Let's get some sailboats. We have been wanting to increase and upgrade our fleet of sailboats for some time now. We have looked at small sailboats that would be more user friendly for new sailors as well as boats inbetween those and our Cape Dory. N-Sid-Sen has been given a challenge that we know we are up to. There is a matching donation being given to us for up to \$10,000. That's right for every dollar up to \$10,000 we will be matched dollar for dollar. So let's get that \$10,000+ for our fleet. Remember no gift is too small or too large. Simply write a check, go online or call us and we can get those sailboats coming.

If going on line, just click Donate and put sailboats next to N-Sid-Sen

Feel free to call for more information or questions.
